
1306GH/3020GH

Computerized Heavy Duty Pattern Sewing Machine 电脑特厚料花样机

宠物绳，安全绳，索具、捆绑器、吊带等产品缝制而设计，缝制线路均匀美观、

Petstrap,safetyropes,rigging,binding,slingropeandotherbelt productsaredesignedforsewing.Thesewinglinesareevenand beautiful,andthepullingforceisstable

最粗可以缝制2000D*3线，

The thickest can sew 2000D*3 thread,

效率相当于传统生产方式的8-15倍。

The efficiency is equivalent to 8-15 times that of traditional production methods.

本机型严格按照出口品质标准。

This model is assembled in strict accordance with the export quality standards.

八年以上高级技术工程师装配而成。

Assembled by senior technical engineers over eight years. 本

机型经过多次优化改良，操作简单，不需要熟练缝纫工。

This model has been optimized and improved many times, and the operation is simple, without skilled sewing workers.

高于普通机型的生产效率。

Higher production efficiency than ordinary models.

专业压板高速缝纫时不易磨损织物保证质量稳定。

special pressure plate is not easy to wear fabric during high-speed sewing to ensure stable quality.

全新液晶触摸屏电控人性化操作面板，非

专业人员20分钟左右学会操作，

机身存储100种图案（外置U盘不限）。

The new LCD touch screen electronically controlled humanized operation panel, can store 1000 patterns.

采用全自动绕线器。

Huamei adopts automatic winding machine.

六倍旋梭最大容线量可达100米左右。

The six times shuttle hook can reach about 100 meters.

节约工人绕线时间和成本。

Save worker's time and cost.

刀片夹住线头，放上梭芯即可自动绕线。

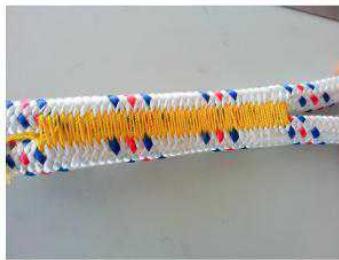

The blade clamps the thread head and puts the bobbins to automatically wind the thread.

绕线均匀，缝制产品良品率高。

The winding is even and the yield rate of these sewn product is high.

Specific

ModelNo型号	1306GH/HM-3020GH
Stitchingtype	Singleneedle,lockstitch
WorkingArea	130*60MM/300*200mm
StitchingThickness	6-26MM
Speed	800R.P.M/MIN
Max.stitches	8000stitches/pattern
Maximumnumberofpatterns	Store1000fuselagedesign, externalusbdesignforunlimited
Hook	Six timesshuttlehook
Machineneedle	DY*3 #22-27
Liftingheightofinternalpresserfoot	38MM
Presserfootformofmiddlepresserfoot	MOTOR/AIR
Voltage	AC,220v,withgrounding protection
Dimensions(withpackaging)	1260MM*1300MM*1450MM
Weight	400KG
PACKAGE	WOODENCASE
